What is Pupil Premium?

Pupil Premium (PP) is a sum of money received by grant maintained schools in addition to their main school funding. It was introduced by the Government in April 2011 to help raise the attainment of our most disadvantaged pupils. The aim of the funding is to address any underlying inequalities between pupils of low income families and their peers and enable schools to support vulnerable children to make the best possible progress within school year on year.

The sum of money allocated to each school is calculated from the data submitted during the October and January Census returns. Each school must decide how their PP money is spent. This will depend, primarily, on the needs of the pupils but will also be influenced by the school's knowledge of past successes, the impact of previous interventions, the best use of resources and the influence of wider opportunities for pupils on their well-being and subsequent progress.

Each year the Government holds schools to account, via the 'Office for Standards in Education' (Ofsted), for how the additional PP funding has been spent and what the impact of the spending has been in terms of pupil outcomes i.e. achievement, progress and well-being of PP children. The School's Governing body, therefore, is required to monitor the spending and subsequent impact of PP spending, throughout the year, and Parents must be informed about how PP money is being spent in their child's school via, for example, the school website.

N.B If you feel that you may be eligible for PP funding for your child please make enquiries at the school office where they will be happy to help.

Weddington Primary School – Pupil Premium Statement 2019/20

At Weddington Primary School we are committed to using our Pupil Premium funding to support disadvantaged pupils so that they can achieve their best possible outcomes. We offer ‘tailored and specific support’ to each individual child.

Every child, every chance, every day 😊

Main barriers to educational achievement faced by pupils eligible for pupil premium at school

The main barriers to educational achievement are:

- Social and emotional wellbeing
- Parental engagement and support
- Access to enrichment opportunities such as music lessons, school trips/visits and sports clubs

Our Pupil Premium Strategy

At Weddington Primary School we use the pupil premium grant to raise attainment and maximise achievement through a range of approaches which are funded/partially funded by the pupil premium grant. These include:

- Additional classroom and lunchtime support for children with social and emotional barriers and/or SEN;
- Teacher and teaching assistant led intervention and booster groups for pupils to reach expected levels or reach greater depth;
- School trips fund to enable disadvantaged pupils to access offsite activities;
- Extra-curricular funding to enable disadvantaged pupils to attend before and after school provision and clubs

From April 2019 – April 2020 we spent the PP funding in the following way:

This has allowed PP pupils to take part in a range of activities for free and has taken pressure off families to pay for expensive trips as well as day to day items such as providing school dinner).</i>	

***overspend of £13,662**

From April 2020 – April 2021 we aim to spend the PP funding in the following way:

- Inclusion
- Catch –up intervention following Covid
