

Weddington Primary Out of Hours Club Behaviour Management Policy

Weddington Primary Out of Hours Club recognises the importance of using effective behaviour management strategies in promoting children's welfare and enjoyment.

Working in partnership with parents, we aim to manage behaviour using clear, consistent and positive strategies. The Club rules will be clearly displayed at every session, and are discussed regularly.

The Club's designated members of staff responsible for behaviour management are Dawn Bradshaw - Deputy Manager and Stephanie King - Manager. Whilst at Weddington Primary Out of Hours Club we expect children to:

- ❖ Use socially acceptable behaviour
- ❖ Comply with the Club rules, which are compiled by the children attending the club
- ❖ Respect one another, accepting differences of race, gender, ability, age and religion
- ❖ Develop their independence by maintaining self-discipline
- ❖ Choose and participate in a variety of activities
- ❖ Ask for help if needed
- ❖ Enjoy their time at the Club

Encouraging positive behaviour

Positive behaviour is encouraged by:

- ❖ Staff acting as positive role models
- ❖ Praising appropriate behaviour
- ❖ Informing parents about individual achievements

- ❖ Rewarding children with dojo points throughout the session to reflect on their positive actions.
- ❖ Offering a variety of play opportunities to meet the needs of the children attending the Club.

It is inevitable that as children develop and learn, there are times when they need support and guidance to understand that their behaviour is not acceptable. Staff at the Club will try to determine the cause or triggers of the inappropriate behaviour to prevent the situation from recurring.

Dealing with inappropriate behaviour:

- ❖ Challenging behaviour will be addressed in a calm, firm and positive manner.
- ❖ In the first instance, the child will be temporarily removed from the activity session.
- ❖ Staff will discuss why the behaviour displayed is deemed inappropriate.
- ❖ Staff will give the child an opportunity to explain their behaviour, to help prevent a recurrence.
- ❖ Staff will encourage and facilitate mediation between children to try to resolve conflicts through discussion and negotiation.
- ❖ If the inappropriate behaviour appears to be as a result of boredom, staff will consult with the child to find activities that more fully engage them.

Staff will consult with parents to formulate clear strategies for dealing with persistent inappropriate behaviour. If after consultation with parents and the implementation of behaviour management strategies, a child continues to display inappropriate behaviour, the Club may decide to exclude the child.

Physical intervention

Physical intervention will only be used as a last resort, when staff believe that action is necessary to prevent injury to the child or others, or to prevent significant damage to equipment or property. If a member of staff has to physically restrain a child, the manager will be notified and an incident log will be completed. The incident will be discussed with the parent or carer as soon as possible.

If staff are not confident about their ability to contain a situation, they should call a manager. All serious incidents will be recorded on an Incident log and kept in the child's file. This may be used to build a pattern of behaviour, which may indicate an unknown underlying cause.

If the inappropriate behaviour continues, after discussion with parents/carers the Club reserve the right to exclude a child from the setting. If the Health and Safety of staff or other children attending the club are at risk from inappropriate behaviour the child will be excluded for a period of one week or if the behaviour is deemed very unsafe or the behaviour is persistent, the child may be permanently excluded. The Committee will be informed of this decision. The child will then be monitored on return to the club.
