KS2 Values Assembly

It was wonderful to finally share the amazing work of our Key Stage Two pupils during our recent Values Assembly, after having to postpone due to the snow. We were so proud to hear the many different ways our children are demonstrating our school values and how hard they are working to be confident, courageous and curious in so many aspects of school life. It was especially lovely to share this celebration with so many of our families, supporting one another and celebrating together the achievements and efforts of our children.

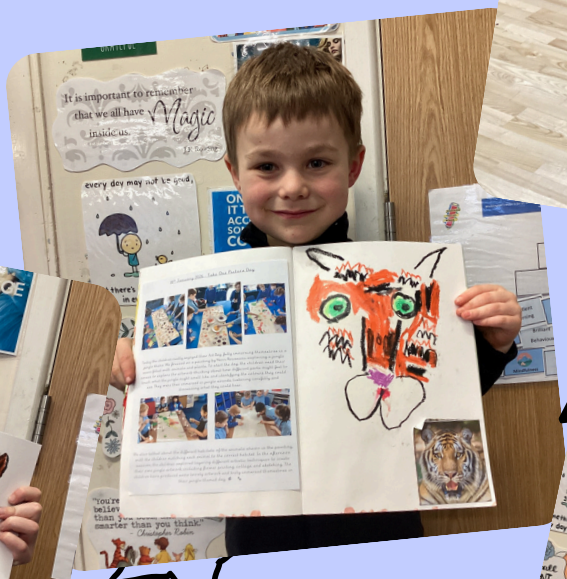

Our Learning This Week

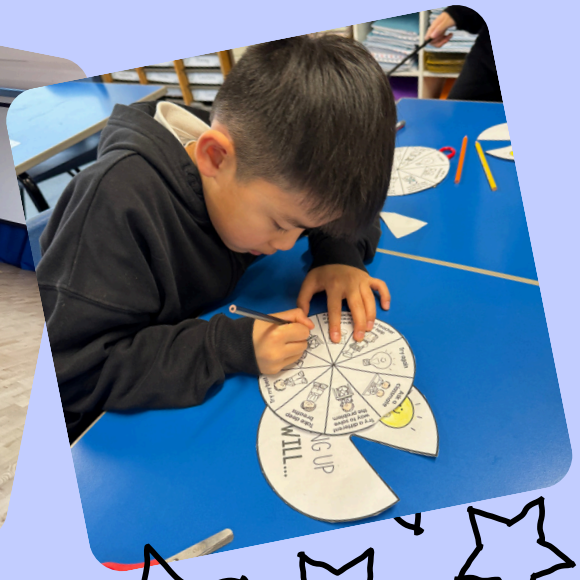

Our Weddy Graduate Day was a fantastic celebration of our value of perseverance. The children took part in a range of fun games and activities, alongside songs and stories, all designed to help them build important skills for life. Throughout the day, the focus was on developing resilience and learning how to keep going, even when faced with tricky situations. It was a joyful and meaningful experience that encouraged our children to believe in themselves, try their best and never give up.

SEND SPORTING EVENT

The chidlren took part in table tennis, table cricket, bowling and archery, giving everyone the chance to try something new and have fun. A particular highlight was the game of blindfolded football, where the ball contained a bell and the children had to listen carefully to track its movement. It was a wonderful opportunity for the children to build confidence, teamwork and enjoyment through sport.

Year 5 visit to the Space Centre.

Year 5 enjoyed an exciting trip to the National Space Centre in Leicester, where the children had an informative and educational experience. They were a credit to our school throughout the visit. The children learnt about space exploration and British inventions linked to rockets, making clear connections to our learning about the Moon landing and space as a whole. They were amazed and inspired to discover that these achievements took place many years ago and gained a deeper appreciation of the people involved in space exploration, who demonstrated courage, respect and perseverance while overcoming many challenges.
