- Fractions

Science

Properties and Changing Materials

- Compare and group together everyday materials on the basis of their properties.
- Set up investigations and give reasons, based on evidence from comparative and fair tests.
- Explore reversible and irreversible changes to a range of materials.

Geography

As part of our study of Ancient Greece, we will read and compare physical and political maps of Greece.

History

Ancient Greeks - Who, when, what and where were the Ancient Greeks.
We will explore all the influences of the Ancient Greeks on modern life.

Art

We will develop our drawing skills by evaluating art from different artists and creating our own pointillism artwork.

Computing

This term we will recap the main messages around Internet safety and learn all about coding.

PSHE

Relationships - we explore all aspects of relationships with peers and ourselves as well as a variety of stereotypes. Health and wellbeing and taking care of ourselves.

Design & Technology

Design and make your own nativity scene.

PE

Ball skills - learning essential ball skills and using those skills as team in a game.
Hockey - learning important skills in order to play a game of hockey and work as a team.

RE

We will study the theme of 'Showing Belief' and look at how different religions celebrate some of their beliefs.

Music

Following our 'Charanga' scheme, we will focus on how music brings us together with a focus on rock music.
